

ENVISIONING THE FUTURE

THROUGH OUTERSPACE TOYS

ABOUT THE WORKSHOP

Create an imagined future and possible alternative worlds by challenging one's views and assumptions through this workshop that provides an overview of futurology while exposing learners to various genres such as fantasy, science fiction, apocalyptic and post apocalyptic fiction, space opera and cyberpunk.

Discover an informed explanation of fantasy vs reality, aesthetics vs practicality through toys with characteristics of Outerspace from the MINT Museum of Toys' 'Outerspace' collection and learn imagination, exploration, innovative storytelling, extrapolation and visualisation techniques.

WHAT YOU WILL LEARN

- Propose and reflect on future oriented thoughts and solutions by forecasting stakeholder different contexts and situations.
- Solutions for future behavioural change.
- Development of various concepts to generate iterative solutions.
- Narrative creations to envision the future.
- Production of sketches to generate visual imagery and recreate visual perception.
